Reflections From Rick

—Rick Plattner, Director of Public Relations

“See then that ye walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil.”
Ephesians 5:15-16

In these verses we are exhorted to walk not as fools, but wisely. Walking circumspectly is to walk prudently, carefully considering our circumstances and potential consequences.

We are to redeem our time. What does redeeming our time mean? The literal translation is *to buy it back*. We could say *to be very aware of it and to use it wisely*. We sometimes treat time as though it will always be there in abundance. However, we are reminded in the Bible that a day is coming when there will be ‘time no more.’ We really don’t know how much time we have, nor do we know about tomorrow or even what lies ahead of us today. At best, we see through a glass darkly.

So here is an obvious thought ... At Fairview Haven, Covid-19 has changed large portions of our days. It has made us redefine many of our processes. Now we find ourselves heading toward fall and, as you might guess, the Harvest of Sharing Benefit Dinner and Auction would normally be consuming much of our time and thoughts. We would be planning the meal, lining up volunteers and brainstorming auction plans.

Yet, here we are — in the middle of a pandemic — and realizing we can’t proceed with our *Harvest of Sharing* benefit as normal. How then do we redeem our time and bring it into captivity to God’s will?

For starters, we’ve realized that we cannot host our event as we have been accustomed. No large gatherings

of volunteers or diners or bidders.

We could have just accepted that we can’t operate like we were used to and just give up on *Harvest of Sharing* this year. That didn’t feel like we were redeeming the opportunity.

So we have decided to host an online *Harvest of Sharing*. No, you can’t physically delight in the wonderful taste of the grilled pork loin or chicken. You can’t bid in person or handle the merchandise at the auction. You won’t be able to rub shoulders with the other guests or residents.

What will you be able to do? You can still support the mission of caring at Fairview Haven. We will have a number of items to bid on in an online auction. It will be scaled down for sure, but you will still be able to help our loved ones at Fairview Haven by bidding on gift certificates, special meals, trips, books, yard and household items, toys, décor, good things to eat and even a few new things that we never offered before.

You will be able to choose a virtual meal (it’s just pretend!). Are you leaning toward the pork loin or the chicken? In prior years, we always kept track so we knew whether to cut down on the number of loins or add to the number of chicken for the next year. We still would like to keep track this year. Instead of physically eating it, we will give you the option of choosing how many virtual meals you want and, this year, we can truthfully say there will be no calories in the meals we serve!

We will still appreciate your donations toward the

Harvest of Sharing 2020

At Fairview Haven, we're starting preparations for our annual Harvest of Sharing Silent Auction. And, as our 2020 logo reflects, we will be hosting our *Harvest of Sharing Silent Auction – From A Distance*. Our committee has been researching online auction platforms and brainstorming ideas. Although we will definitely miss the essential element of in-person fellowship, we hope that we can still have an interesting, enjoyable and successful event.

We still plan to host the auction on the first week of November and will add a couple extra days to the bidding times. **Virtual bidding will start on Monday, Nov. 2 and will close at 8 pm on Friday, Nov. 6.** Beginning in mid-September, you will be able to see the items online and we will post regular updates. Watch our website, blog and Facebook for the auction link and we will send it out by email as well.

We will be scaling back the number of items to simplify the virtual auction. We would love to have some ideas from our supporters. What would you like to see on the auction? *Are there any nearby*

destinations that would be of interest to people? Would you be willing to host a meal or provide a talent or service to sell? Or do you have a special culinary talent? We'd love for you to share your culinary creations to sell on the auction. It often works well to sell them by gift certificate and then you can make them for the high bidder at a later time. Do you have suggestions for gift certificates that people

would enjoy? A new dining establishment? Please contact any of our committee members with ideas or input (contact info on the back page).

Also we would appreciate monetary donations to help us make purchases. **It would be very helpful to receive any monetary donations by October 1 to give us adequate time to make well-thought**

MARTHA AND MARY

Contributed by Anonymous

Martha was busy and hurried,
Serving the Friend divine,
Cleansing the cups and the platters,
Bringing the bread and the wine;
But Martha was careful and anxious
Fretted in thought and in word,
She had no time to be learning
While she was serving the Lord,
For Martha was "cumbered" with serving,
Martha was "troubled" with "things" -
Those that would pass with the using -
She was forgetting her wings.

But Mary was quiet and peaceful,
Learning to love and to live.
Mary was hearing His precepts,
Mary was letting Him give -
Give of the riches eternal,
Treasures of mind and of heart;
Learning the mind of the Master,
Choosing the better part.

Do we ever labor at serving
Till voices grow fretful and shrill,
Forgetting how to be loving,
Forgetting how to be still?
Do we strive for "things" in possession,
And toil for the perishing meat,
Neglecting the one thing needful -
Sitting at Jesus' feet?

Service is good when He asks it,
Labor is right in its place,
But there is one thing better -
Looking up into His face;
There is so much He would tell us,
Truths that are precious and deep;
This is the place where He wants us,
These are the things we can keep.

Thoughts from Dave's Desk ...

Dave Blunier, Administrator

*"One night I dreamed a dream.
As I was walking along the beach with
my Lord.
Across the dark sky flashed scenes from
my life.
For each scene, I noticed two sets of
footprints in the sand,
One belonging to me and one to my
Lord.
After the last scene of my life flashed
before me,
I looked back at the footprints in the
sand.*

*I noticed that at many times along the
path of my life,
especially at the very lowest and sad-
dest times,
there was only one set of footprints.
This really troubled me, so I asked the
Lord about it.
"Lord, you said once I decided to fol-
low you,
You'd walk with me all the way.
But I noticed that during the saddest
and most troublesome times of my life,*

*there was only one set of footprints.
I don't understand why, when I needed
You the most, You would leave me."
He whispered, "My precious child, I
love you and will never leave you
Never, ever, during your trials and test-
ings.
When you saw only one set of foot-
prints,
It was then that I carried you."

Photo Puzzler

There were no guesses for this Photo Puzzler. This was surprising as many of our readers would know these people.

Standing at left, Robin Holland and Julie Walter Runyon. Back row: Renee Taylor Wenger, Diane

Hoffman Rassi, Valla Grandon Broquard, Peggy Meador, Janet Kinkade, Kristi Hoffman, Dana Rabe Vermilya and Patty Schroeder. The girls are in a child development class taught through the Red Cross at Fairbury-Cropsey High School by Louise Furrer LPN. The toddler, named in The Blade article as the "star performer" of the class, is Dr. Sam Steffen, who today is Fairview Haven's medical director.

We don't have a date on this photo from The Blade—if someone knows the date, please let us know. Also if you know the current names of some of the girls, please send them.

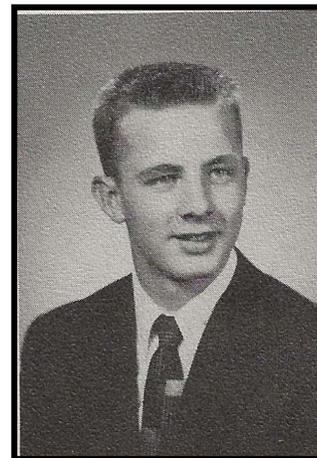

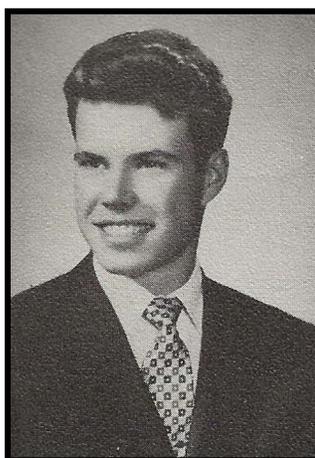

Clues: These pictures are from the 1955 Tupek (Forrest-Strawn-Wing High School yearbook). At the time, they were high school graduates. Now they live in the Fairview Haven community. The young man on the left was student council president. He grew up to become a farmer near Forrest. He and his wife have

five children.

The young lady was class vice president. She became a teacher and school principal in several area schools, influencing many young people.

The young man on the right was homecoming king. He became an accountant and a financial officer at Morton Community Bank. He and his wife had three children.

Please send your guesses to: Editor, *News From The Haven*, 605 N. Fourth, Fairbury, IL 61739; or e-mail to sfehr@fairviewhaven.org or drop off at Social Services.

Good Neighbors of FVH update

In summer 2020, the Good Neighbors of Fairview Haven committee focused on a project for the food pantries in Fairbury, Forrest, Chatsworth and Chenoa. Many donations of packaged food, toiletries and cash were received from the amazing Fairview Haven team. From these donations, our Good Neighbors were able to put together food and hygiene packs for 150 children served through the area food pantries. We were grateful for Harvest Call's support with donated snacks. Also, local dentist Dr. Aaron Michaels donated toothbrushes and toothpaste. And Meadow Lane Private School, as well as a number of local homeschoolers, made beautiful, encouraging cards for the children. A video of the project is on the Fairview Haven website (Good Neighbors page) if you would like to see more. Pictured at right are the ladies at the Chatsworth Food Pantry accepting the donation. We hope this will be a blessing to all!

Currently, the Good Neighbors committee is working on recognition for our local public servants. We are putting together some encouragement for our firefighters, police officers and ambulance personnel. If you have any ideas for future projects, we'd appreciate hearing from you.

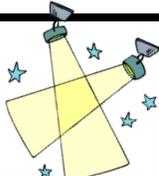

How Does Your Garden Grow?

The Fairview Haven garden in the courtyard has been producing amazing vegetables. Right now, we're enjoying cucumbers and huge tomatoes (left). Lettuce, radishes, potatoes, sweet potatoes and peppers are also flourishing. Then there are golden marigolds, red and white zinnias and cheerful sunflowers (right). See more photos online.

where I will look back and certainly only see one set of footprints. These months have led from one disappointment to another. To be completely honest with you, I have struggled deeply with many emotions. One minute, feeling completely frustrated that the residents have to be locked down to being scared to death that we are going to have an outbreak of COVID.

God has taught me so much about myself and has showed me so many times that he has not stopped being God! We can and must trust Him with all of this!

As time marches on, thoughts and opinions regarding COVID get stronger and more deeply rooted. They seem to range from "this is all a conspiracy, a great big hoax" to "this is going to be the end of mankind." We hear all kinds of "facts" and data and, for every piece of data you hear, there is a reason out

there why it can't be actual data. The world around us is utterly confused or at least a lot of people think everyone around them is confused.

Well, if you're looking for the answers, folks, I'm sorry to disappoint you, I'm not even going to give you my "facts" (or, rather, opinions). But let me point you to the one true media source. No, I'm not talking about CNN, ABC, CBS, Fox News, Twitter, or Facebook. I am talking about Jesus Christ and the Word of God. It would do us all good to set aside our own "facts," stop talking to others about what they know as "fact" and focus upon the only source of real truth: *Jesus!*

If we're irritated with Governor Pritzker, the Illinois Department of Public Health, the Centers for Disease Control and Prevention, President Trump, Dr. Fauci, Livingston County Public Health or whoever God has placed in our lives to lead us and rule over us, let's get on our knees and pray for them. Whoever it is that has to make decisions in these unprecedented

times needs your prayers right now. Because the real fact is, just when we get things figured out, something changes.

On that note, here's a little update on what is happening at Fairview Haven.

On August 7, the Illinois Department of Public Health released their version of a reopening plan for nursing homes and other congregate living facilities in the State of Illinois. While there will be some that are miffed about the regulations and guidance in this plan, there will be others that will say there are not enough restrictions. Regardless of what we think, Fairview Haven will strive to meet the requirements and guidelines of IDPH.

Whenever I orient a new team member at Fairview Haven, I go over the qualifications of a team member. The number one characteristic we want to see in our team members is integrity. I explain that, to me, that means we will do the right thing every day.

So, the IDPH reopening plan is divided into three phases. In order to move from

item purchases.

One area of the *Auction -- From A Distance* that we are working on is support of the local businesses. Many of our local businesses typically contribute gift certificates and goods to sell at the auction. Since most of them have been hit hard this year by the COVID shutdown, we are hesitant to ask for their contributions. We're developing a LOVE OUR LOCALS component of the auction. Watch for more information on how you can help.

Proceeds from the auction benefit the Good Samaritan Fund of Fairview Haven, which assists in covering the costs for those who are unable to pay for their own care. **By your donations, you will help provide care for those who are veterans, local businesspeople, teachers, community volunteers, parents and many others; those who built and nourished our surrounding communities in the past.**

Sadly, we will not be having the Benefit Supper this year. But you will be able to "purchase" a "virtual benefit supper"*** and – for the first time ever – it will be calorie-free, gluten-free, allergen-free and organic! ☺ **No food will be served, but the residents will benefit from your meal donation.

Also our plan is to ask some of our bakers to create a variety of delectable pies that we will have up for bids on the virtual auction so you can still enjoy dessert in the comfort of your own home! If you would be willing to bake pies, please let us know. We will have a sign-up avail-

able in the near future.

2020 has been a year of learning how to host events in different and unusual ways. We would appreciate your prayers and input as we develop the auction with this new format. Thanks so much for your thoughtfulness and participation. May God richly bless you!

We are so grateful for the amazing support that has been shown to the Fairview Haven community in the past few months.

We'd especially like to recognize those who donated or helped with meals to encourage our team. Thanks to the following: Fairbury Apostolic Christian church group, Forrest Apostolic Christian church group, Fairview Haven board, Fairview Haven management team, the Steidinger family, Sara Reutter and Marcia Yergler, Holly Steidinger and Mary Bachtold, the Elmer Kaeb family, the family of Marge Meyer, Nancy Honegger and Jan Lancaster, Joan Smeltzer and Ann Arendell and the family of Diane Rieger.

Many others have sent special treats and encouraging messages to cheer up the entire Fairview Haven family.

Special thanks to Fencepost Florals for the donation of beautiful bouquets.

And tremendous thanks to those who continue to uphold us all in prayers! We can assure you that we can give testimony to the power of those prayers and God's gracious answers!

one phase to another, Fairview Haven must meet seven criteria:

1. We must have a testing plan and the ability to test (check)
2. We must practice universal source control (wear a mask) and practice good hand hygiene (check);
3. We must implement a universal screening process (check);
4. We must have an adequate supply of PPE, essential cleaning and disinfection supplies (check);
5. We must have adequate staffing (check);
6. We can have no new facility acquired COVID positive cases for 14 days (check).

While we have been successful in meeting all of these six criteria thus far, in order to remain in the phase we are in, we must continue to meet the criteria.

So, you're probably wondering ... he said *seven* criteria, but only listed *six*. No, that wasn't a typo. See, the seventh criteria is up to you and me! COVID outbreaks and deaths in nursing homes are directly tied to and related to the case status in the community. Therefore, our community must meet certain criteria before we can move forward in the re-opening phases or in order for us to stay in a certain phase. While our team has a lot of work to do in order to maintain a safe and healthy environment for our residents, this last criteria is solely dependent upon YOU and ME. It is very important that our community is practicing the guidelines/mandates of the State of Illinois and CDC.

If you aren't aware of what these guidelines are, let me share what are often quoted as the most important guidelines:

1. Wash your hands frequently or use hand sanitizer (not too hard – right?).
2. Maintain adequate (that's defined as 6 feet) social distancing between anyone that is not a member of your household. If you're wondering what 6 feet looks like, I tell our team members to imagine our DON (Brandon) lying down between you and the other person. If he doesn't fit, you're too close. (Granted, this concept will give you a extra few inches, but you get the picture!)
3. Wear a mask/face covering. (don't stop reading here) Yeah, it's not

the most comfortable thing in the world, but it's really not that bad. You and I don't have to decide if they are effective or not — they either are or they aren't. Science can be used to prove both thoughts. If they are effective, do we want to err on the side of *aren't*? Public health guidance says we should be wearing a facemask when it isn't possible to maintain social distancing outdoors or whenever we are in a public building in proximity to other people.

So statistics show that, when communities abide by those guidelines, the case status decreases. Maybe the statistics are skewed by the Joe Biden cam-

number of virtual meals you choose. We haven't set a fixed price on the meal in the past and we plan to allow you the virtual pleasure to decide what amount to put in the "box." We decided to add this feature to the online event because we know that for many of our guests that is the preferred way to donate to our benefit. Wouldn't it be something if we served up more 'meals' this year than we typically serve? (Last year, we served over 1700.)

Along with our normal featured auction items, we will offer options for you to help us fund a need or share with a special resident. We even hope to solicit our famous bakers and have a number of whole pies available for bidding. (Sorry, these pies are the real deal and they come

paign, or by the Donald Trump campaign, but guess what ... if the statistics show that our community has a low case status, then our residents get to live a little.

So let me ask you a question. I know many of us don't care if we get COVID. It appears it isn't as deadly as it once was thought to be. BUT, can I plead on behalf of the residents here? Are we willing to sacrifice a little to protect them and let them have a little piece of life back?

Thanks for your consideration of these thoughts!

Please stay tuned for other giving opportunities. We really want to redeem the time and make this an event that will honor God and bless the residents here at Fairview Haven.

Some ways that you can help us:

—Donate money to purchase an item for the auction.

—Donate an item.

—Bake pies or some other culinary delight to offer on the auction.

We will continue to think and pray and communicate how we can make this online *Harvest of Sharing* a blessing to all.
