# Reflections From Rick

—Rick Plattner, Director of Public Relations

I have been thinking a lot about all the changes and challenges around us. How do we navigate these at Fairview Haven? One way we can do this is to use our mission statement as a guiding light.

For those of you that may not be aware, the mission statement at Fairview Haven is as follows: *An Apostolic Christian community where choice is valued, growth is encouraged, and life abounds.* Let's spend a few moments considering what direction this mission statement gives us.

The statement begins with *an Apostolic Christian community*. Over 60 years ago, members from four Apostolic Christian churches felt led of God to establish a home for senior citizens in our community. They established the ministry of Fairview Haven. This is our roots. Their intent was not to limit the ministry to folks of that denomination, but to establish a home where a variety of souls could be nourished, faith could be encouraged, and God would always be honored.

Today, we are thankful to be able to care for over 100 residents across our campus, plus others in our communities through home care services. Our services have expanded to include: skilled care, assisted living, independent living, memory support, condos, home care and, now, handyman services.

Our goal today needs to mirror the objective that was set 60 years ago. We want to create a culture and environment where God can bless us and where loving, quality care will be provided.

What do we mean when we say *choice is valued*? Whose choice are we considering and what does that look like? At Fairview Haven, we remind ourselves that the residents don't live in our workplace; rather, we work in their home. We truly want this to be their home.

One of my favorite statements to hear from a resident

who is returning from an outing is, "It's good to be home!" This is their home. We want to gather their input and include them in making decisions. We want to remember that they are our bosses, and we are here to serve their needs.

What does *growth is encouraged, and life abounds* look like? To us, it means that we do what we can to enable our loved ones to live life to its fullest.

There is a famous idiom that says, "You can't teach an old dog new tricks." That may be true for dogs, but it isn't true for our dear residents. We want them to have plenty of opportunities to learn and grow and share their wisdom.

An example is our Reminisce discussions. It is so interesting to hear them share memories about country schools, ponies, soap making, threshing, mud roads, neighbors, privies, and countless more. If you're interested, join us in the living room at Fairview Haven on Wednesdays at 2:30 PM.

When we have faced challenges of a pandemic, shortage of employees, an economic decline and increased regulations, we love to come back to our mission. Why are we here? What is our purpose?

Our culture needs to be one that honors God. We need to make certain that our residents can grow and thrive, and that life is abounding. Jesus and God's love are at the center of life at Fairview Haven. The Golden Rule applies, and our desire is to do unto others as we would have them do unto us. Our teammates and our residents develop beautiful relationships and we join them in saying, "It's good to be home."

# NEW! Handyman Services

NEWS FROM THE HAVEN — PAGE 3

Introducing Fairview Haven's newest services ... Handyman Connection!

For some time, we have been discussing the need for handyman services in our communities, particularly in the population we primarily serve.

Often seniors living in the community have difficulty finding assistance with monthly household maintenance tasks or with minor remodel or repair jobs. At times, we have found that people returning to the community after a rehab stay at Fairview Haven are in need of assistance to make their homes more accessible to accommodate their needs.

As we observed these needs, we saw the opportunity to fill the niche with our own stellar maintenance team.

So recently we launched our Handyman Services through Connections Home Care.

Some of the projects we've completed thus far are: painting walls and ceilings, prep work for floor layment, installing grab bars and smoke detectors, installing ceiling fan and replacing an exterior door.

Besides repairing and remodeling,

JARED BLUNIER is one of our stellar maintenance team members who is providing Handyman Services.

we also offer monthly home maintenance and inspection services. Following are some of those services:

- Inspect plumbing and electrical, attics and crawl spaces, water heater, sump pump, softener, dehumidifier/humidifier, roof and ceiling, fire and carbon monoxide detectors (and change batteries)

- Change light bulbs and furnace filters

- Set and check mousetraps

- Spray for weeds or insects

- Clean dryer vents, gutters, vents, ceiling fans, exhaust fans, window wells, exterior windows (one story only)

The inspection and maintenance services are customized to meet your needs with a monthly contract.

Connections Home Care clients will receive a 10% discount on all services rendered. But our handyman services are not limited by age. And we will serve people who are not current Connections clients.

If you would like more information or if you have questions, contact Arla Wheeler at 815.692.6703.

## In Motion Fitness hours expand

EXCITING NEWS! We are expanding our hours at the In Motion Fitness Center to **Monday-Saturday 5 AM till 10 PM**. If you have a membership, you can use the fitness center any time during those hours.

Volunteer staff will be at the fitness center from 7 AM-noon Monday-Saturday.

Our primary reason for previously limiting the hours to staffed hours only was safety. Safety is still a priority. If you are exercising outside of staffed

hours, we recommend working out with a fitness buddy or having a friend or family member check in with you at regular intervals.

Classes in our monthly Successful Aging Series are scheduled as follows:

**August —**

**The 4 Pillars of Health**

**September —**

**Pace Yourself**

**October —**

**Incontinence:**

**Is NOT**

**Normal Aging**

**November —**

**Why Do I Hurt**

**December —**

**Breathe Easy**

Classes are typically on the first Tuesday of

the month at 1 PM in the north basement (across from fitness center). Watch our Facebook page for updates.

# Harvest of Sharing 2023

An article about the *Harvest of Sharing* benefit in July?! It seems premature. But since the next issue of *News From The Haven* will be October/November/December, the benefit is nearer than we think! ☺

Closing auction bidding on Thursday and having auction item pick-up on Friday in conjunction with the benefit supper worked out well last year. So we plan to do this again in 2023.

**Bidding for the online auction will open on Monday, Oct. 30 at 10 AM and close on THURSDAY, Nov. 2 at 8 PM. There will be no bidding on Friday, Nov. 3.**

LEONARD Maupin celebrating his birthday!

Auction items may be picked up from 3

**PM to 8 PM on Friday, Nov. 3 in the East Haven Condos north garages. (NOTE: change in location for auction item pick-up!)** This will give our volunteers opportunity to get their auction items when bringing food in the afternoon. Also people can pick up auction items when coming for the benefit supper (served from 4-7 PM).

Bidders who are not able to pick up their items on Friday may pick them up the following week **AFTER 10 AM on Monday, Nov. 6.**

**Bidding Assistance:** We recognize that not having in-person viewing of the auction items makes it difficult for some of our supporters to participate in the auction. If you would like assistance, you can contact Sally Fehr or Anna Bahler who can assist you with placing bids. Or you can make an appointment to stop by at Fairview Haven and view the items on an iPad.

**Item Ideas or Donations:** As always, we'd love to have ideas for auction items from our supporters. What do you think would be an interesting auction item? *Are there any nearby destinations that would be of interest to*

*people?* Would you be willing to host a meal or provide a talent or service to sell? *Or do you have a special culinary talent?* We'd love for you share your culinary creations to sell on the auction. It often works well to sell them by gift certificate and then you can make them fresh for the high bidder at a later time. Do you have suggestions for gift certificates that people would enjoy? A new dining establishment? Please contact Rick, Sally or Anna with ideas or input. Also please contact us if you would be willing to volunteer to make some contacts to solicit donations.

And we would appreciate any monetary donations to help us make purchases. **It would be very helpful to receive any monetary donations by October 1 to give us adequate time to make well-thought purchases.**

## NAILS IN THE FENCE

There once was a little boy who had a bad temper. His father gave him a bag of nails and told him that every time he lost his temper, he must hammer a nail into the back of the fence. The first day, the boy had driven 37 nails into the fence. Over the next few weeks, as he learned to control his anger, the number of nails hammered daily gradually dwindled down. He discovered it was easier to hold his temper than to drive those nails into the fence.

Finally the day came when the boy didn't lose his temper at all. He told his dad about it and the dad suggested that the boy now pull out one nail for each day that he was able to hold his temper. The days passed and the young boy was finally able to tell his dad that the nails were gone.

The father took his son by the hand and led him to the fence and said, "You have done well, my son, but look at the holes in the fence. The fence will never be the same. When you say things in anger, they leave a scar just like these. You can put a knife in a man and draw it out. It won't matter how many times you say 'I'm sorry,' the wound is still

there. A verbal wound is as bad as a physical one."

## AGING HUMOR

**Aging:** Eventually you will reach a point when you stop lying about your age and start bragging about it.

The older we get, the fewer things seem worth waiting in line for.

Some people try to turn back their life odometers. Not me. I want people to know why I look this way. I've traveled a long way and some of the roads weren't paved.

How old would you be if you didn't know how old you are?

When you are dissatisfied and would like to go back to your youth, think of algebra.

I don't know how I got over the hill without getting to the top.

Old age is when former classmates are so gray and wrinkled and bald they don't recognize you.

One of the many things no one tells you about aging is that it's such a nice change from being young.

## Personnel Profiles

Introducing **Joelle Jones** ... our new director of Assisted Living.

After Joelle graduated high school in 2017, she started working as a CNA at Fairview Haven. When Serenity Villa opened, she transitioned to working as a caregiver there. She worked here through college and then worked elsewhere as a labor and delivery nurse. Then, she says, "In March, I found myself faced with an amazing opportunity to return to serving the residents of Fairview Haven, which I was so excited

about. And I accepted my current position."

Joelle says, "I love the interaction with the residents that I get to have daily. Making long-term connections with them and being able to serve them in such an impactful way is one of my favorite parts of my job. I feel so fulfilled when I am able to make someone's day, sometimes in very simple ways. I believe there is nothing more fulfilling than being able to be the hands and feet of Jesus, no matter what form that takes."

Joelle and her husband, Nick, recently moved back to Fairbury. They have a one-year-old son, Isaiah, and expect baby #2 in September. Her parents are Joe and Cathy Bachtold.

In her spare time, Joelle enjoys

spending time with family, listening to music and eating ice cream. She really enjoys playing her ukelele and has a goal to relearn to play the piano.

# Thoughts from Dave's Desk ...

Dave Blunier, Administrator

Greetings from Dave's Desk!

As I stare out my window this morning, I see a smoky haze from the Canadian wildfires. While I can still see everything (within a mile at least), the clarity I am used to isn't there. It is difficult to focus on the minute details that, without the haze, would not be difficult to see.

This brought my mind back to a conversation I recently had with one of Fairview Haven's faithful supporters. This supporter was questioning why Fairview Haven seemed to be adding so many administrative hours. The person expressed that it appears we've added so many directors to our payroll and that just seems foolish when costs seem difficult to control right now.

I appreciate this individual talking to me directly and asking a hard question. I explained some of the reasons as to why it may appear that we keep adding to our administrative staff.

Then the perception this person expressed really was troubling me, so I decided to do a deep dive into this. I pulled out the budget from July 1, 2005, to June 30, 2006, the year I started here at Fairview Haven. I compared the budgeted hours from that time to the budgeted hours for the fiscal year we begin on July 1, 2023.

Here are my conclusions, if you have interest:

Since July 2005, Fairview Haven's campus and services have expanded significantly. In the ensuing years since 2005, we have licensed thirteen of our independent living apartments as assisted living, giving us opportunity to serve seniors in that environment longer and saving them significant money.

We acquired East Haven Condominiums, built Serenity Villa (memory support assisted living), initiated home care services through Connections and began offering outpatient therapy

through InMotion. Each of these additions enable us to offer needed services to seniors and others in our communities. The additional services also provide necessary revenues to offset the loss we experience in skilled nursing.

Naturally, this means that staffing in general has increased to provide the services, as well as the administrative duties needed to carry out the services.

Because of these additional services, we have added the administrative positions of Director of Assisted Living and Director of Connections Home Services.

Other than that, we have not increased our administrative hours since 2005. We have had some title changes to fit some of the new responsibilities, but, in total, the administrative hours have remained consistent.

As our administrative hours have remained consistent through our growth, we have also been able to reduce or maintain hours in almost every department in the nursing home, except for our

CNAs. CNA hours have increased approximately 14% since 2005. The increase in CNA hours has been intentional as we have seen a significant increase in acuity level of our residents and as we are always striving to provide resident directed care.

In addition to the growth in services that Fairview Haven has experienced, the regulatory environment has also shifted. As the trust of nursing homes among the general population decreases in our state and nation, it is natural that our regulatory bodies will become more involved in overseeing the operations of nursing homes. We have experienced tighter regulations, requiring more hours to ensure compliance and documentation. A recent example of this is that we are now required to have nursing hours devoted solely to infection prevention.

## VOLUNTEER VOICES

TRISH STEIDINGER, Volunteer Coordinator

Our new volunteer program, where individuals, families or groups have adopted landscape areas to weed, has turned out to be a great success! We have been getting compliments on how nice our landscaping looks! The greatest compliment of all is that Fairview Haven and East Haven Condos recently won "Yard of the Week," an award given by the Fairbury Garden Club! We know this is due, in part, to our weeding volunteers! If you would like to be a part of this, please let us know!

I would be remiss to not mention the East Haven residents that tend to the beautiful flowers gracing the Condos area on a volunteer basis, along with our Fairview volunteer that waters our potted flowers here so faithfully! These volunteers were another big part of the Garden Club award!
